Who **could do more** to tackle bullying?

2

**We want to

you!**

Change starts with ... having a voice

Bullying is still a big problem in the world today. It affects us both in our schools and online; many of us will be affected by it in some way. Something needs to **change**. But what?

The question we're asking you today is about whether **change is possible**. As a school, can **we work together** to make the world better for the people around us?

Change Starts With Us!

Bullying can be a problem both in schools and online. But it doesn't have to be this way!

This week, we want you to **make your voice heard** on bullying! In your classes, you will be discussing the question:

Your opinion matters!

Do you think it is possible to reduce bullying in your school?

At the end of the lesson you will get to **vote** on this question and share your opinion with the nation.

We want to hear your ideas for how to make schools **happier and safer** for everyone. Maybe there is something you **would like to change**, or something you already do that others could learn from! Either way, **we want to hear your ideas for reducing bullying.**

Thanks for participating.
